

Season 12 Registration

Registration Requires an annual membership that is due upon enrollment. Your membership fee reserves your dancers place in class. This Fee is Non-Refundable.

Tuition and Payments

We now offer 2 types of tuition plans. You choose the family membership that works best for your family.

- The studio calendar and tuition rate is designed to give 34 classes over a 10.5 month period from August to June; the majority of our classes give 34-38 scheduled classes throughout the year. We also will have extra rehearsals in May and June to prepare for recital that are not factored in to tuition. We consider these as bonus classes and do not charge extra fees for them.
- Once you choose your membership, the method you've chosen may not be changed during the year.

Please see our studio policies for more information on tuition.
